

One great market, two locations!

2018 Sponsorship Opportunities

The Union County Farmers Market is celebrating its 33rd season! People are seeking healthier food options and connections with those who grow and produce their food. It is our mission to provide access fresh, local produce while offering education and entertainment through demonstrations, activities, music, and festivals. We have grown to include two locations in Marysville and Richwood. In 2017, we were awarded the NACCHO Model Practice Award honoring outstanding local public health practices. This was made possible by a partnership with other local organizations like you. We are asking for your support to ensure our continued success!

One great market, two locations!

Union County Farmers Market Sponsorship Form

We sincerely appreciate your support of the Union County Farmers Market. Your continued support supplies us with the resources to provide Farmers with a venue to sell fresh produce and the community with a location to buy healthy, local food for their families. Union County is proud to have two market locations – Marysville and Richwood.

See you at the Market!
